“ I'll never forget that we were at Nanny's for some holiday, i forget which one and Nanny had a decoration hanging on her wall that she didn't take out of the box. My cousin, Craig, took it off the wall.. asked nanny for wrapping paper and scissors, wrapped it and gave it to her as a gift. When she opened it, she said "oh i have one like this" not realizing it was the same one! Glad to have some silly memories too.

“ To Our Dear Friends  
Susan, Paul, Lily, & Robert

We were so saddened to hear of Your Mom's passing..She was a beautiful, vibrant, loving woman and will be missed by all...

A poem I wrote to you Susan in Mom's memory...

You weren't sure what day it would be, that God would call her name...

In life you all loved her dearly...

In death you will all do the same...

It broke your hearts to loose her, she didn't go alone...

For parts of you went with her, the day God called her home...

She left you precious memories, and her love will be your guide...

And although you cannot see her, she will always be at your side...

Your family will seem broken, and nothing will feel the same...

But as the days go forward, it's the Love Strength, and Memories, that will remain...

They will be your keepsake, with which you'll never part...

God has her in HIS keeping, and you my friend will always have her in your heart.

As I have you in mine at this very sad time...

With our deepest condolences to you and your family...I so wish we were able to be there with you...

With love, Pam & Neil XoXo

“ Such a sweet and wonderful person. She loved her family to the moon.

We enjoyed many of Christmas and Thanksgiving holidays with the Belcher and Carney families. Fond memories of this special lady.

Our deepest sympathy goes out to you all! Prayers out for you.

“ My favorite memory is when Robert and I would sleep over. One time we went for a walk in your neighborhood and you brought a glass jar to catch little baby frogs! There were frogs everywhere, but of course you would not let them back inside your house.  
You would always ask Robert “Robert, is your room clean”, which of course it never was! (And still never is)
